Ceremony Table Flower Arrangement

A beautiful flower arrangement will adorn your ceremony table, adding the finishing touch to your ceremony.

The Unity Sand Ceremony

The essence is to symbolize the union of "two into one". The Groom pours a portion of black volcanic sand into the central glass vase, then the Bride follows suit, pouring a portion of white volcanic sand into the same vase, and so they continue alternately pouring sand, thus creating a layered effect. The ceremony concludes with the Groom and Bride simultaneously pouring their last portion of sand into the central vase. The mingling of the coloured sand represents the joining of the Bride and Groom. After the wedding, the two outside vases can be used to display fresh flowers, while the central vase will remain a cherished keepsake of your wedding day.

Roundtrip private car transfer is included for the Bride, her escort and two additional persons. It includes waiting time to take Bride and Groom to the venue for the wedding dinner.
